

Seat QR Stickers

Print this file at **100% scale on A4**, cut along the dashed lines, and stick one card on each seat back. When a customer scans their seat with any phone camera, the menu for **that exact seat** opens — they order and pay by UPI in one flow, and the runner delivers to the seat.

- 1

Print

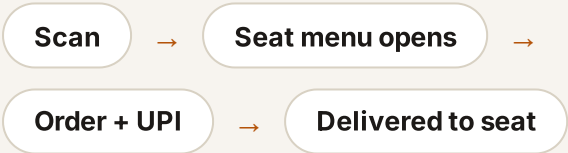

A4, portrait, 100% scale (no "fit to page").
- 2

Cut

Follow the dashed lines — 20 cards per sheet.
- 3

Stick

One card per seat, matching the code on the card.

EVERY STICKER LOOKS LIKE THIS

Sticker paper tip: matte A4 sticker sheets (or 65 gsm paper + glue stick) scan best — avoid glossy lamination directly over the code.
