The Management,
[VENUE NAME],
[MALL / CINEMA COMPLEX],
[CITY]

**Subject: Letter of Intent for In-Seat Food Delivery Partnership
(Non-Binding)**

Dear Sir / Madam,

This letter records the mutual intent of NotiFetch ("the Platform") and [VENUE NAME] ("the Venue") to explore a seat-to-seat food delivery partnership inside the Venue's premises. NotiFetch operates a QR-based ordering and delivery service that lets a customer scan the seat in front of them, browse every food-court outlet on a single menu, pay digitally through Razorpay, and have the order delivered to the seat by a trained runner. We believe this service will increase per-customer spend at the Venue's outlets, shorten counter queues during show changeovers, and give management a live dashboard view of food-court demand. This letter is a statement of serious intent to run a structured pilot together; it is not a binding contract, as set out in Clause 7 below.

1. Purpose

Both parties wish to evaluate, in good faith, whether an in-seat ordering and delivery service can be operated profitably and smoothly at the Venue. The partnership would allow customers seated in the auditoriums, food court and lounge areas to place orders from participating outlets through the NotiFetch platform. The scope, locations and outlets covered will be finalised jointly before the pilot begins, and either party may suggest changes at any time during the discussion period.

2. Pilot Programme

The parties intend to begin with a pilot of thirty (30) days at the Venue. NotiFetch will install seat-QR signage and set up the ordering platform at its own cost. During the pilot, the parties will jointly track weekly orders, average order value, delivery time and customer feedback. At the end of the pilot, both parties will meet, review the numbers together, and decide in writing whether to continue under a definitive agreement.

3. Commercial Terms

NotiFetch charges the Venue zero (₹0) setup fee and requires no hardware purchase; the platform runs on ordinary smartphones and the Venue's existing kitchen routine. For every order placed and delivered through the platform, NotiFetch will retain a commission in the range of six to ten percent (6-10%) of the order value, with the final rate to be fixed in the definitive agreement based on pilot results. No exclusivity is requested during the pilot, and the Venue remains free to operate its own counters and promotions.

4. Fulfilment and Operations

Participating outlets prepare the food; NotiFetch organises the delivery to the customer's seat with its own trained runner team. NotiFetch provides and maintains the ordering platform, seat QR codes, a live kitchen console for each outlet, order notifications, and free staff training. The Venue will provide reasonable access to the food court, auditorium aisles and lift/escalator routes during show hours so that runners can deliver orders without disturbing the audience.

5. Packaging and Auditorium Safety

All items delivered inside the auditoriums will follow the Venue's house rules: dry, low-odour menu items only, packed in sealed, spill-proof packaging. Hot beverages and messy items will be delivered only to food-court and lounge seating where the Venue permits. The Venue's written policy on what may be carried into a screen will always prevail, and the platform can enforce item-level rules screen by screen.

6. Payments and Settlement

All customer payments are collected online through Razorpay. NotiFetch will settle each outlet's share weekly, to the bank account the outlet nominates, together with an itemised statement visible on the Venue's dashboard at all times. Each outlet remains responsible for its own GST and tax compliance on its sales.

7. Non-Binding Effect

This letter is a record of intent only and does not create any legally binding obligation on either party, except for the duty to negotiate in good faith and to keep shared commercial information confidential. Any pilot under this letter is conditional on the Venue obtaining its internal authorisations. Either party may withdraw at any time by written notice without liability. A definitive agreement will be executed before any commercial scale-up beyond the pilot.

8. Validity

This letter of intent is valid for ninety (90) days from the date of signature below. It may be extended by mutual written consent. If a definitive agreement is signed within this period, the definitive agreement will replace this letter entirely.

We would be glad to walk your team through a live ten-minute demonstration of the platform at a time of your convenience, and to answer any questions about operations, packaging or settlements. We look forward to building this together with [VENUE NAME].

Yours sincerely,

For NotiFetch
